City of Altoona, Pennsylvania Goes Live with Public Sector Solutions end to end Financial Management Suite. March 1st 2002

Altoona's requirements were:

1. Accessing financial information easily.
2. Providing real-time information supporting budgets and forecasts.
3. Eliminating duplicate entry of same information into the system.
4. Eliminating redundant paper usage.
5. Enhancing current system procedures by automating certain tasks.
6. Supporting "ad hoc" report-writing capabilities in the Financial System or with easy to use third-party products.
7. Providing a conversion process for current system information.
8. Providing a system that is "user friendly" and easy to learn.
9. Supporting the policies and principles established by the Governmental Accounting Standards Board (GASB).
10. Providing the agency with a state of the art 32-bit GUI database software product.

Our Financial Management Suite accommodates all of the above and more. We provided the city with:

1. A tightly integrated set of applications that eliminate the need for dual data entry
2. A Financial Management suite that is built on top of the windows platform thus making it easy to use and easy to learn.
3. **FULL SOURCE CODE**. Need we say more?
4. A lucid, easy and standardized interface.
5. Strong Customer Support
6. **Free product updates**
