John B Pierce embraces Public-Sector Solutions

Public Sector Solutions has displayed its versatility yet again by providing a robust and solid product line to a research lab affiliated with the Yale University. Once again PSS has proven that its best practices in:

1. Deployment
2. Integration
3. Migration
4. Training and Support

Make us versatile and scalable across industries. Public Sector Solutions offerings are ideally suited for strictly budgeted research laboratories like **JB Pierce** as we are tightly integrated with the Microsoft platform (which usually already exist) and provide a suite that is intuitive and standardized whereby flattening the learning curve associated with any new application. Full source code and free updates don't hurt towards maintaining a tight budget line either. We maintain our edge by meeting/exceeding our client's requirements and being cheaper, faster and easier in the process.

About Public-Sector Solutions

Public-Sector Solutions is a leading provider of enterprise management solutions for the public sector market. P-SS has been committed to Microsoft technologies since 1993, and continues to develop new innovative uses for MS technology. P-SS develops applications to reduce costs and increase efficiency for state and local governments, not-for-profit organizations, educational and research institutions.

About USL Financials

USL Financials is the premier client/server fund and encumbrance accounting and procurement solution for state and local governments, not-for-profit organizations, educational and research institutions. The financial suite has been developed by public sector CPAs specifically to meet the public sector industry's unique needs. Total integration with Microsoft Platforms and with MS Office is a unique feature that makes the product easy to use, stable and highly efficient.
