News From Our Headquarters

United Way Processing Information Center signs contract with Public-Sector Solutions

UPIC has signed a contract with Public-Sector Solutions to implement USL Financials, (it's not-for-profit) accounting modules for:

1. United Way of Greater Toledo
2. United Way of Greater Highpoint
3. United Way of Central Indiana
4. Metro United Way – Louisville, KY

These four (4) new organizations follow the United Way of Central Ohio & the United Way of Greater Cincinnati who have been using USL Financials for the past year. Public Sector Solutions applications are developed with consistent design standards & by examining our entry & inquiry screens, United Way noticed a consistent look & feel to each. They concluded that this consistency will reduce the length of training necessary to operate USL Financials & will facilitate cross-training. Public Sector Solutions will provide United Way with a tightly integrated application set that offers:

1. Drill down from summary to detail data
2. Multi-level security by user, menu, department, & account
3. Field by field on-line help
4. Pop-up windows for table look-up & insertion
5. Fully integrated for single-step data entry
6. Microsoft Office Integration
7. USL Financials also integrates with the United Way's major campaign software eliminating the need for duplicate entry of data.

About USL Financials

USL Financials is the premier client/server fund & encumbrance accounting and procurement solution for state & local governments, not-for-profit organizations, educational & research institutions. The financial suite has been developed by public sector CPAs specifically to meet the public sector industry's unique needs. Total integration with Microsoft Platforms & with MS Office is a unique feature that makes the product easy to use, stable & highly efficient.

About Public-Sector Solutions
